Martin/Carrie/Cindy—

Good morning. My assistant is reaching out to your team today after we were informed that the meeting we set up for tomorrow won't work for you.

We may also bring Dan Krueger or Jody Arendt to this meeting to discuss possible structures for our LNG proposal. That is really what we need some guidance on. We hope we can meet sometime in the next two weeks.

Bert

Bert,

Thank you for the email.

I am generally available over the next few weeks. I will defer to Cindy and Carrie on a time that will work for everyone, since their schedules are going to be more restricted.

Thanks,  
Martin

**Subject:** LNG discussion

Carrie/Martin/Cindy—

Good morning.

We would like to set up a time to meet sometime this month to discuss our interest in potentially constructing liquefied natural gas facilities to address all three of our Wisconsin gas utilities.

We have pipeline supply challenges and this solution could address those challenges in a cost effective manner. We would like to discuss our current LNG facilities (which are old); why building more LNG may make sense and ownership structures.

Please let us know who Ted and I should work with to schedule a meeting that is convenient for you. I am adding my assistant Brynn. Brynn is on spring break this week so feel free to contact me directly.

Thanks.

Bert

Bert—

Can you or Brynn please work with Pam Cook on finding a day/time that will work? I've included Pam on this email.

Thanks

Carrie
